Luganda
Native

English
Business fluent

German
B1 Level

HOBBIES

Bible reading
Bicycle ridding
Football

EXPERIENCE

Research Assistant (Internship) 11/2025 – 04/2026
Deggendorf Institute of Technology • Pfarrkirchen, Germany

- Developed a machine learning model to predict anxiety factors associated with cognitive decline.
- Performed data preprocessing, feature engineering, and model evaluation on health-related datasets.
- Collaborated with academic staff to interpret results and document findings for further research.

Student Tutor 2024 – 2025
Deggendorf Institute of Technology • Pfarrkirchen, Germany

- Educated undergraduate students on Python programming basics, including syntax, data structures, and core concepts.
- Taught Rust concepts such as ownership, borrowing, and error handling, and guided students through setting up the development environment.

EDUCATION

Bachelor of Science in Health Informatics 10/2023 – Present
Deggendorf Institute of Technology • Pfarrkirchen, Germany

- Focus areas: software engineering, machine learning, databases, statistics, and medical data systems.

TECHNICAL SKILLS

• Software Development	• Machine Learning Engineering	• Microsoft Office
• Python	• MySQL	• Git and Docker

SOFT SKILLS

• Team Collaboration	• Problem Solving	• Adaptability
• Time Management
